

# Specialty Lending Solutions

## About Us

Founded in 1936, The Southern Bank Company has served as a reputable and reliable lending partner for over 75 years. While working with small and medium business customers, we identified the need for alternative financing options from a trusted partner.

As an FDIC insured and regulated bank, we provide a safe and secure way for businesses to access funds. We work seamlessly with your primary banking relationship to get your business the money you need.
